MOUNTAIN CLIMBERS AND MOVERS

Gary Vanover, Joel Balin, & Terrel Smith

I see a picture of mountain climbers, and we are the mountain climbers. The Lord God is saying for those of you that are hurting, stand there, we're going to stand with you. We're gonna pull you up to the same level. We all wanna be on the same level. The Lord says I need you on the same level in these last days. If you're hurting, get healed. If you see someone is hurting, help him. Be an Aaron and Hur. Hold their arms up. Encourage them. Speak words of confidence, edification, and encouragement into them. These are the days the Wednesday Warriors are going to shine.

Thank you, God, that one can put a thousand to flight, but two can put ten thousand to flight as we stand shoulder to shoulder. Thank you, God, that you made us builders to rebuild the walls that the enemy has torn down. And you made us like Nehemiah's builders who have weapons in one hand and tools for building in the other. And we have the weapons of our warfare that are not carnal. We have prayer and strength to pull down strongholds and take every thought captive and make it obedient to Christ. In the name of Jesus, amen.

We speak to the mountain and wipe it out. We speak to every mountain of sickness, every mountain of discouragement, and every mountain in the financial realm and say "move" in the name of Jesus. We thank you, God, that when we step out, we're not stepping in it, we're stepping into what you've already provided In the name of Jesus, amen.
